

Get Reconnected

- Charge your device for 12 hours prior to use.
- Insert your existing or replacement SIM card (if applicable).
- Turn on your device. If your tablet doesn't automatically connect to the Sprint Network, contact Sprint Customer Service at 888-211-4727 to activate your replacement device.

Note: You must activate your tablet on the Sprint network to receive your 90-day replacement warranty and ensure uninterrupted device protection coverage.

- Visit **www.mydeviceprotection.com** to download the Advanced Device Protect security app if included in your plan. Advanced Device Protect shields your tablet, personal information, and files from digital threats, loss, and theft.

Your replaced or repaired tablet comes with a 90-day warranty.
